

**Fear
Free**TM

Leaders in
Animal Wellbeing

Fear Free Veterinary Practice Certification enables veterinary practices to showcase the implementation of Fear Free within their workflows, team culture, client communication and patient handling. By meeting and upholding the certification standards, a veterinary practice can earn the designation of a Fear Free Certified Veterinary Practice.

The Path to Fear Free Veterinary Practice Certification

1

Purchase the Certified Veterinary Practice product appropriate for your practice

2

Enroll all veterinary care team members in the Veterinary Professional Certification

3

All veterinary care team members must successfully complete the Level 1 Veterinary Professional Certification

4

Implement the Fear Free Veterinary Practice Certification standards for your team workflows, patient handling, business management, and client communication

5

Complete the online assessment and upload necessary documentation

6

Successfully complete a virtual visit with a Practice Certification Consultant
